

(To all students) Notice about 2020 Spring-Summer Semester lectures (30 March update)

30 March, 2020

We had planned to postpone the start of some lectures for the Spring-Summer Semester of the 2020 academic year until Monday 20 April and hold these lectures via video streaming, and to start all other lectures from Monday 6 April, as originally scheduled. However, in order to prevent the spread of the novel coronavirus, we have decided that **lectures will start from Thursday 7 May 2020, and will all be held online.**

As a result, the schedule for the course enrollment procedures such as online selection and course registration will be extended. Moreover, **all guidance and other sessions for new students which were scheduled to be held in university classrooms will be cancelled, and replacement sessions will take place via video streaming or other online methods.**

Details about each of the above matters will be announced via our website and on the CELS educational affairs information system as soon as they are confirmed.
