

- The Hitotsubashi University Foundation and revenues from commissioned research have increased more rapidly than their targets.
- The aim is to further increase external funding through fundraising for the 150th anniversary in 2025 and developing new areas such as Social Data Science.

Cumulative amount of donations to Hitotsubashi Foundation

Revenue from commissioned research and others*

*Commissioned Research, Joint Research, and Commissioned Projects

Strengthen fundraising for the 150th anniversary in 2025

- Hired two specialists for fundraising in 2023
- Launched commemorative projects for the 150th anniversary with the theme "Bridge to the Future"

- An influx of researchers in the social data science fields have contributed to increased revenues from commissioned research.
- A new revenue stream will be created through a stock company to be established in AY2025.
